General Statement of Professional Experience (written by firm)

Two registered architects are directly responsible for daily project management, design, client contact, construction documents and contract administration of all projects. Our past project history includes: multi-family residential, institutional, educational, cultural, municipal, military, and single family residential. Project types include existing structures, and new structures which have included site analysis and site selection. Working with our engineering consultants, we have brought projects through DEP and local depts. reviewing Shore Land zoning. Restoration/additions to registered historic properties are a key part of our work. Construction costs for past projects include those under \$100,000 to those over \$5 million.
